

I doubt that it has ever been assigned to *Terebra*!

AEQUALIS

SAY 1827

NDVB

*Turritella aequalis* Say, 1827, Journ. Acad. Nat. Sci. Philadelphia ser. 1, vol. 2 (2): 208. This species was not figured, and no type exists. Say described other *Terebra* as *Turritella*, but this shell,  $\frac{1}{8}$ th inch in length could be *Pyramidelidae*.

NDVB 8287

SHOULD BE DROPPED : I DO NOT THINK

~~IT HAS EVER BEEN ASSIGNED TO~~

TEREBRA
