

133. *TEREBRA ALBICOSTATA*, A. Adams et Reeve.
Terebra albicosta, A. Adams et Reeve, Voy. du Samarang, p. 30,
pl. 10, f. 21.
Hab. Mers de la Chine.

DESH 1857 p. 304

SEE ARMILLATA

ALBICOSTATA
A. ADAMS & REEVE 1850

(= ARMILLATA) (156)

2. *TEREBRA ALBICOSTATA*. Pl. X. Fig. 21. Ter. testâ subulatâ, anfractibus supernè plicato-nodosis, deinde costatis, costis angustis, subirregularibus, interstitiis transversim impresso-striatis; castaneo-rufâ, costis nodisque albidis, anfractu ultimo basin versus albifasciato.

HAB. China Sea.

The ribs and nodules, although naturally white, appear colourless from the effect of abrasion.

ADAMS & REEVE 1850 p. 30

133. *T. albicostata*, Reeve, variety of *T. armillata*, Hinds. RV 11605

8. *Terebra albicostata*, Ad. and Reeve (= *variegata*). Voy. Samarang, t. 10, f. 21,

Albicostata (*Terebra*), Adams and Reeve. Zool. Voy. Samar., p. 30, pl. 10, f. 21 (1848). = *T. variegata*, Gray, 14
