Terebra addita Deshayes, Proc. Zool. Soc., 1859, p. 293.
 One in the British Museum marked "type T. addita Desh., P.Z.S., 1859, p. 293, V. Diemen Land, M.C." This, I consider conspecific with three, perhaps type marked "Thesaurus, fig. 88 & 89. Guinea on the sands and Ceylon," and from Torres Straits by Brazier (see also *D. valesia*).
