

109. T. SANDWIZENSIS, ——— ?

Of this I can obtain no information, except that it occurs in a French catalogue.

SANDWIZENSIS

?

H. 446 T.C. p. 186.

TEREBRA SANDWIZENSIS.

Nous ne connaissons ni l'origine ni l'application de ce nom mentionné par M. Hinds à la fin de sa Monographie. DASH 1819 p 320

NOV. NUDUM

NOT IN B & C 87

?

Additional species have been recorded, but the records are either unconfirmed or erroneous:

sandwicensis Sowerby, 1844 (*nomen nudum*);

HINDS !?

AK 1979 p 403

Mihi ignota.

133. TEREBRA SANDWIZENSIS, ——— ? HINDS 442 p 168

Sandwizensis (Terebra) — ? Hinds. Thes. Conch., 186, . 39

TRAYON 1885

NOT IN BRATONER

108. T. ——— D'Orbigny, Description de l'Egypte, Mollusques, pl. 4. fig. 28.

At the above reference will be found a highly magnified representation of a minute shell, which is stated to be a *Terebra*, but is unaccompanied by any comment or further explanation. The materials only enable us thus briefly to notice it here.
